From IADVL Academy Chairperson's Desk

Dear IADVL Members

Season's Greetings!

As we usher in the new year, I am pleased to present the **Annual Report of the IADVL Academy of Dermatology for the year 2024**. With the invaluable support of Academy Convener (Dr Nilay Kanti Das), Joint Conveners (Dr Manas Ranjan Puhan & Dr Vinay K), Academy Members (15), Special Interest Groups (SIGs 16) and Task Forces (4), we successfully organized a wide range of educational and skill-building initiatives for our IADVL members, all of which are detailed in this report.

Notable achievements include the launch of the landmark Academy Central with its associated applications, as well as collaborations with national and international professional societies and organizations through our Cross Talk and International Symposium Series.

All this would not have been possible without active support and cooperation by President IADVL–Dr Manjunath Shenoy, Hon. Secretary General IADVL–Dr Bhumes K. Katakam and entire IADVL EC 2024.

I trust that these efforts have proven beneficial to our members, and we are excited to further enhance the members experience in 2025 with the introduction of the Digital Academy. I welcome any feedback or suggestions (academy@iadvl.org) from IADVL members to help us refine and improve our activities and initiatives in the year ahead for benefit of our PG students, early career dermatologists, PG teachers, practitioners and senior IADVL members .

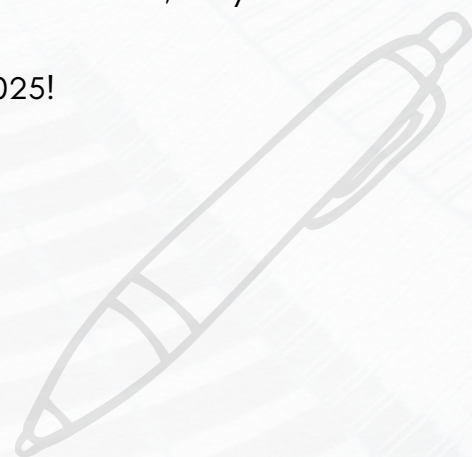

Wishing you all a Happy, Healthy, Peaceful, Positive & Productive Year 2025!

Dr. Sunil Dogra

Two candidates will complete their training by March 2025 as per prior consent from the Academy. Announcement for IADVL Training 2025 application has been done with the last date of 31.12.2024. The stipend amount has been upgraded to 15,000 INR per month after discussion at The IADVL CC meeting.

IADVL Research Grants

This year, IADVL EC & Academy has allocated an impressive grant amount of 1 crore to support pioneering research projects. Applications were invited from members of IADVL for research grants for projects in Dermatology, Leprosy and STIs. A total of 64 research proposals were submitted by the IADVL members for research grant for the year 2024. The comments of initial review by the members of SIG Dermatology Clinical research and respective SIG were communicated to the Principal Investigators. All the revised proposals were discussed and scored by the jury members during the IADVL Academy meeting held on 08.06.2024. Various aspects including funding, sample size, methodology, novelty, feasibility, and ethical issues were taken into consideration while deciding on the research grant.

Based on the scores obtained, proposals were shortlisted for IADVL Research Grants for 2024. The investigators of all the shortlisted proposals were informed regarding the results of the jury meeting along with jury's comments related to budget allocations and research methodology. After a rigorous evaluation process 16 research projects have been selected. Among them 4 research projects (2024) have received their first installment. All the research projects of 2023 have received their first installment. 3 of the past research projects have received their second installment.
